

MERSEYSIDE LOCAL HERITAGE LIST WEBSITE

CONSERVATION AREA STATEMENT

Buildings in Conservation Areas will be eligible for nomination to the Local heritage List and some will be high quality candidates, however it is not appropriate to include all assets which contribute to the historic or architectural interest of a conservation area onto a local list, rather a considered approach will be taken so that lists represents the very best of the local heritage assets in the area, based on their individual merits. Any proposals for local listings in and around conservation areas will be assessed against the over-arching Selection Criteria to ensure a consistency of approach to the overall list.
